# CHICKS THAT TRIP

You've heard about driving business, but have you heard about **flying** business?

What better way is there to drive business your way than by offering a **free** trip? Our promotions are fun and really get people excited about your business. After all, who wouldn't want to win a free trip?

Here are the details of this exciting and innovative opportunity:

- ❖ **We design a complete travel package based on your type of business**, i.e., a wine store offering may be an all-expense paid package for a trip to Sonoma/Napa Valley.
- ❖ **We provide all of the travel support material that you will need**, including trip information, brochures, etc.
- ❖ **We support you on the day of your event**, and arrive at least two hours prior to your event to ensure a perfect occasion.

You simply set a date for your promotion and organize the event, and we do the work coordinating the travel adventure!

In order to defray some of the costs for the giveaway item(s), we suggest selling raffle tickets and/or providing a free ticket for the raffle with a minimum dollar purchase. You may want to provide décor and food and we will work with you to ensure that our materials are in line with your plans. If you want fun, we'll provide fun! If you want elegance, we will provide that too! It's all about making you shine for your customers.

In this highly competitive time, ***it's imperative for business owners to do something inventive, different and exciting to bring in customers.*** A small investment like this brings customers in your door, and that traffic means an increase in business, providing a return on your investment.
