RESUME DEVELOPMENT

Your resume is a critical tool and the first step towards landing your dream job! Showcase your talents and highlight your accomplishments in a resume crafted to your specific goals.

- ✚ Create a showpiece to demonstrate your employment successes
- ✚ Include innovative resume features guaranteed to generate positive responses
- ✚ Tips to navigate the applicant 'black hole' of online resume submission

- ✚ Overcome your fear of entering a room of strangers and talking about yourself
- ✚ Leverage your virtual networking through blogs, Twitter, Facebook and LinkedIn

INTERVIEW PREPARATION

An interview is your foot in the door, and now it's time to wow them! Research and preparation are the keys to landing an offer and ensuring that it's your perfect fit.

- ✚ Pre-interview preparation: contact, research and study
- ✚ Different types of interviews and sample question review: practice, practice, practice!
- ✚ Salary: know when to show your cards and how to negotiate to your best advantage
